Re: Emily Read

To whom it may concern:

It is with great pleasure that I take the time to write a letter of recommendation for **Miss Emily Read**. Emily recently did a placement in my classroom in November/December 2012, through the University of Ottawa. In that short period of time, she was very quick to familiarize herself with the school, staff and students. She always came to school prepared, ready to participate, work and learn.

In just a short period of time, Emily planned and prepared several lessons in Mathematics, Language, Dance and Visual Arts. The most impressive thing about Miss Read was how she incorporated an element of art into all of her activities. She truly has a passion for the Arts (Dance, Drama and Music) and was able to genuinely captivate and motivate the children because of this special talent. Emily found art in math by creating patterns and doing rubber stamping with them. She made the students believe they were artists when they created water colour pictures of Remembrance Day. She used technology/Glogster to make poetry fun, to only name a few.

The most impressive thing about Emily was how connected she was with the students in my grade 3/4 classroom. There are many students with special needs (Autism, LD, Gifted) who make up this classroom. Miss Read was always very conscientious in her planning and ensured that all students were accounted for and able to participate, still leaving room for some students to go beyond expectations. **Emily Read is organized, dedicated, motivated and talented and is definitely an asset to any program, staff and school.**

Should you have any further questions, I would gladly answer them at your convenience.

Sincerely,

Tania L. Gamache
